US 41 Project lane closures for June 17 – June 21

Traffic restrictions in Brown and Winnebago counties

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing US 41 Project lane restrictions for June 17 – June 21 in Brown and Winnebago counties. Drivers should be aware of 11-foot wide lanes and reduced speed limits in both counties and remember to use caution while traveling through any work zone. Details of all closures are included below.

Winnebago County

US 41

Drivers should expect single lane closures on southbound and northbound US 41 between US 45 and 9th Avenue throughout the week from 7 p.m. to 5 a.m. In addition, the northbound US 41 off-ramp to US 45 will be closed overnight on Tuesday, June 18 from 9 p.m. to 5 a.m. Wednesday morning.

Brown County

US 41

Drivers should anticipate various, overnight single lane closures on southbound and northbound US 41 along the entire Brown County corridor from south of Scheuring Road to Lineville Road. Lane closures can vary along the corridor, so drivers are urged to pay attention to road signs, slow down and use caution when entering any work zone. The US 41 Project plans to have at least one lane of traffic open at all times on both northbound and southbound US 41 during construction. This does not include shutdowns by local authorities for accidents or natural disasters.

In addition, drivers can anticipate the following ramp closures:

- **Tuesday, June 18** – Northbound US 41 off-ramp to Scheuring Road will be closed from 9 p.m. to midnight.
- **Wednesday, June 19** - Northbound US 41 on-ramp from Scheuring Road will be closed from 1 to 2 p.m.

WIS 29

There will be a full ramp closure of the southbound US 41 off-ramp to WIS 29 on Tuesday, June 18 and Wednesday, June 19 from 9 p.m. to 6 a.m. Detour as follows:

- **Southbound US 41** traffic wanting to exit WIS 29 will be detoured to exit at Mason Street
- **Eastbound WIS 29** traffic to take Mason Street east to Military Avenue and follow Military Avenue north to WIS 29
- **Westbound WIS 29** traffic to take Mason Street west to Packerland Drive and follow Packerland Drive north to WIS 29

Drivers can also expect the northbound US 41 off-ramp to WIS 29 to be closed on Tuesday, June 18 overnight from 9 p.m. to 6 a.m. with the following detour:

- **Northbound US 41** traffic wanting to exit WIS 29 will be detoured to exit at Mason Street
- **Eastbound WIS 29** traffic to take Mason Street east to Military Avenue and follow Military Avenue north to WIS 29
- **Westbound WIS 29** traffic to take Mason Street west to Packerland Drive and follow Packerland Drive north to WIS 29

WIS 29 Tub girders

Over the next few weeks, steel tub girders will be lift and set to construct the WIS 29/US 41 interchange flyover ramps. Drivers can expect various full overnight closures of US 41, WIS 29 and/or nearby ramps during these lifts. WisDOT will send a separate road closure alert and suggested detour to media, www.US41Wisconsin.gov, and social media a day prior to the expected girder lift. Tub girder lifts are very weather dependent and subject to change. If you have any questions regarding the steel tub girder lifts, please contact US 41 Communication Manager Mark Kantola at 920-492-4153 or email at mark.kantola@dot.wi.gov.

I-43/Leo Frigo Bridge

Brown County - Southbound I-43 at the Leo Frigo Memorial Bridge is reduced to a single lane of traffic with speeds reduced to 55 mph over a 3.5-mile segment of the highway through July 2013. The southbound I-43 on-ramp from Atkinson Drive is closed until June 28, 2013. Expect significant travel delays. The on-ramp from Webster Avenue to I-43 northbound is closed until late July. The

Military Avenue Bridge over I-43 is closed and expected to be open by mid-July of this summer. Atkinson Drive over I-43 is an optional route for drivers who use Military Avenue. On Wednesday, June 19, the southbound I-43 off-ramp to Webster Avenue and the northbound I-43 off-ramp to Atkinson Drive will be closed overnight from 6 p.m. to 6 a.m.

All lane restrictions and work operations are weather dependent and subject to change.
